

THE INTERNATIONAL GROUP, INC.

Wax coatings for
paper packaging

YOUR BEST DEFENSE AGAINST THE ELEMENTS

Features & Benefits

- BPI Certified compostable wax coatings
- Bio-based waxes
- Extensive industry knowledge and expertise
- Excellent barrier performance

For more than 75 years, The International Group Inc. has been a renowned industry leader in the development of wax coatings that protect paper-based packaging, particularly food products, from environmental elements.

Our line of waxes provides a range of properties, such as resistance to water, water vapor, oil, grease, gas & odor. IGI is the trusted choice from a multitude of companies, as we specialize in achieving the perfect balance of moisture barrier, heat sealability, gloss, and more, tailored to meet the specific requirements of each application.

From quick service wraps to frozen foods and tamper-evident lidding laminates, IGI caters to all your packaging needs. With our extensive experience and expertise in the field, we are dedicated to addressing, offering sustainable and effective coating options.
